The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Gary Urbanski
C/O Waters Deep, Inc
PO Box 12880
Charleston, SC 29412

LOCATION: On and adjacent to Sandy Bay at 1629 McClain St., Charleston, Charleston County, South Carolina.
TMS#: 350-12-00-120.

WORK: The work as proposed and shown on the attached plans consists of making additions to an existing dock. Specifically, the applicant proposes to add a 15' x 16' roof to the existing fixed pierhead and add a 3' x 14' catwalk extending from the ebbside of the pierhead and leading to a new 12.5' x 12.5' covered, four-pile boatlift. In addition, handrails are proposed along the existing walkway, new catwalk and pierhead. The proposed activity is for the property owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 24, 2006. For further information please contact the project manager for this activity, Melissa Rada at 843-747-4323 ext. 122.
